> 3.5	51 - 80 lbs	23 - 36 kg
> 3.5 Broad	80 - 100 lbs	36 - 45 kg
> 3.5 Jumbo	100 - 150 lbs	45 - 68 kg

Please specify Right or Left when ordering CBLO Plates

This plate selection chart is a guide. The plate, pin and screw selections remains the surgeon's decision, considering specific factors such as complexity of the fracture, age of the patient, body mass index, owner compliance, etc. We encourage surgeons to call VOI and be placed in touch with board certified surgeons on staff to review x-rays and offer FREE recommendations as to what implants to be used in uncommon / challenging situations in order to achieve desired outcomes.

TPLO PATIENT WEIGHT RECOMMENDATIONS
